Hero of India's Freedom Movement

Chowpha Plung Lu (Ronua Gohain)

Arunachal Pradesh

Chowpha Plung Lu (Ronua Gohain) is celebrated as a symbol of courage, resilience, and cultural preservation among the Tai Khamti community. He is also credited with establishing settlements and promoting the Tai Khamti way of life, including their language, traditions, and Buddhist practices. He was born in the year 1780.

He was Tai Khamti chief who led a significant rebellion against British forces in 1839. He fiercely opposed British rule and their expansion into the Khamti region in Assam. During the rebellion, he managed to defeat the British forces and inflicted substantial losses resulting in the death of Colonel Adam White.

From the Desk of Chancellor

Kamal Lochan

Chancellor

It is truly a moment of great significance as we come together to begin a new chapter of learning and self-exploration at the distinguished Arunachal University of Studies. As the Chancellor of this esteemed institution, it is both an honor and a joy to warmly welcome each of you to our vibrant academic community.

Arunachal University of Studies carries a proud legacy of academic distinction. It has stood as a pillar of knowledge, drawing students from across regions and backgrounds. As you step into this exciting new phase of your academic journey, I urge you to embrace the opportunities ahead with passion, purpose, and perseverance.

Education, as we understand it, extends far beyond the acquisition of facts. It is about sharpening your ability to think critically, nurturing your creative instincts, and developing a spirit of collaboration. Here, you will be immersed in a broad spectrum of disciplines and viewpoints that will challenge you to think deeply, explore fearlessly, and innovate boldly. The knowledge and skills you gain here will not only lay the foundation for personal success but also equip you to lead and inspire change in your chosen paths.

With opportunity comes responsibility. As scholars of this institution, you bear the vital task of applying your learning to uplift society. In a world facing urgent issues—be it climate change, inequality, or social unrest—your role as educated citizens is more important than ever. Let your education become a force for good, and may your actions reflect a sincere commitment to building a more equitable and sustainable future.

As you navigate this transformative journey, I encourage you to stay curious, think boldly, and grow relentlessly. Our university is a space that celebrates intellectual curiosity and champions the courage to step beyond comfort zones. So, dream ambitiously, take meaningful risks, and strive to make a lasting impact.

In closing, I offer my heartfelt best wishes to each one of you as you embark on this enriching journey at Arunachal University of Studies. May your time here be marked by valuable learning, lifelong friendships, and limitless growth. Together, let us cherish the gift of education and work towards a brighter tomorrow.

Thank you, and once again, welcome to AUS.

From the Desk of Founder

Dr. Ashwani Lochan

President
World Education Mission

Dear Students,

It fills me with immense joy and pride to welcome you at Arunachal University of Studies. It seems like just yesterday when this university began its journey in 2012, and today, we stand as a beacon of higher education in the region, empowering thousands of students with knowledge, skills, and values.

Over the years, our university has grown from strength to strength, establishing itself as one of the best-performing institutions. With state-of-the-art infrastructure, world-class academic facilities, and a dedicated faculty, we have created an environment where learning thrives. Our focus extends beyond academics—we aim to nurture innovation, critical thinking, and leadership in our students, equipping them to meet the challenges of the future with confidence.

Education is not just about acquiring degrees; it is about shaping character, broadening perspectives, and contributing to society. I encourage you to take full advantage of the opportunities available to you, whether in academics, research, extracurricular activities, or community engagement. Your journey here will be one of growth, exploration, and transformation.

At Arunachal University of Studies, we remain committed to fostering an inclusive and dynamic learning experience. Our doors are always open to support, guide, and inspire you toward achieving excellence.

As you begin this exciting phase, I extend my best wishes for your academic and personal success. May your time here be enriching, fulfilling, and memorable.

Best regards,

Dr. Ashwani Lochan

A Warm Welcome to Our New Entrants

It is with great pleasure that I extend a heartfelt welcome to all the new students joining the Arunachal University of Studies.

The World Education Mission envisioned this University as a place of inclusive learning—an institution that would transcend boundaries and emerge as a leading center of education with a truly national character. Our mission is twofold: to disseminate scientific, technical, and professional knowledge, and to shape the character of our youth by integrating ethical values with academic excellence.

In the context of Arunachal Pradesh, AUS has been a much-needed initiative, especially in promoting employment-oriented higher education among the tribal communities. Its establishment has opened new avenues for local youth who previously faced significant challenges in accessing quality education due to limited infrastructure facilities and opportunities.

I am particularly proud that the University is creating pathways for school and college dropouts to rejoin the mainstream educational system. Through skill development programs, we are equipping students with the tools they need to become self-reliant, enhancing their employability, and nurturing entrepreneurial skills.

The University's commitment to building top-notch infrastructure and providing high-quality teaching has been recognized by various organizations. In a relatively short period, AUS has secured a prominent place among the nation's esteemed educational institutions.

We believe that the true essence of a university lies in combining research with teaching. Accordingly, we are fostering a collaborative and dynamic learning environment—one that promotes innovation, creativity, and exposure to the best academic practices.

I am confident that your journey at Arunachal University of Studies will be a truly enriching and transformative experience.

Thirteen Years of Purpose and Persistence

Thirteen years ago, an idea quietly took root. It may have begun as a simple conversation, a sketch on paper, or a deeply felt desire for change. But over time, that idea grew into a foundation. That foundation became an institution. And today, it stands not just as a structure, but as a living, breathing embodiment of purpose, values, and perseverance.

Building something that endures beyond a decade is no small achievement. It requires not only hard work, but heart work. It calls for patience, adaptability, and a steadfast commitment to something greater than oneself. Thirteen years in, we pause to reflect on what it truly means to build an institution.

This institution is no longer a project—it is a legacy in motion. Our perspective has widened. We look not only at what has been accomplished, but also at what is still possible. This is about playing the long game—about mentorship, thoughtful succession, sustainable growth, and bold reinvention.

Now is a moment to pause—not to rest, but to reflect. To celebrate how far we've come, and to reconnect with the reasons we began. No institution is built alone. These thirteen years are a tribute to the people who gave their time, talent, and trust—founders, team members, partners, supporters, and communities. Together, they brought a dream to life—one choice, one action, one year at a time.

This is not just an anniversary—it's a milestone. And ahead lies a future filled with new challenges, deeper impact, and the opportunity to pass the baton to a new generation of leaders and visionaries. The next chapter may look different, but it will be rooted in the same values that lit the spark thirteen years ago.

Building an institution is a powerful story. A story of faith and failure, of resilience and purpose. It is the story of people coming together to create something that outlives them. Most of all, it is a reminder that when time is paired with intention, the result can be something truly timeless.

Our vision is to transform this institution into a recognized Centre of Excellence—where innovation thrives, standards are redefined, and every individual is empowered to reach their fullest potential.

We aspire to create an ecosystem that nurtures intellectual rigor, fosters cutting-edge research, and encourages creative exploration. A place where ideas are not only born, but are shaped into impactful solutions for the challenges of our time.

Here's to the next chapter—and everything the future holds.

From the Desk of Vice-Chancellor

Dr. Ajeya Jha

Personal Growth and Development

At AUS, education goes beyond academics. The university encourages students to step out of their comfort zones, build independence, and develop strong character, preparing them to be future leaders.

Career Prospects

With AUS globally exposed pedagogy students are provided with valuable experience that becomes an asset for their future career endeavours in this globalized job market. AUS has always been upfront in providing career-focused programmes in all its sections of graduation. AUS believes that is highly beneficial for not just the students but also for the University because it becomes a strong channel to bridge the gap between the industry and the campus.

We understand that students venture out seeking University programmes that enable them to a specific career path. We hear you! Therefore by offering over 150+ courses, students are ready to achieve their professional goals in their chosen fields right from day one. As prospective students, they must also understand that our pedagogy enhances their chances of employability no matter how competitive the job markets keep getting every year.

Such placement drives have enhanced AUS's reputation of producing some of the best graduates that add immense value to the workforce and contribute in the development of the nation.

AUS has incorporated mandatory internships during semesters which helps students to transition from classroom to workplace. Inspired by Prime Minister's vision of Self Reliant India, AUS has been encouraging, training, and supporting students to become entrepreneurs and help in employment generation in the country. We are proud that AUS enables students to achieve their dream careers.

Student Experience

Diversity

AUS welcomes its students to one of the country's most diverse and inclusive campuses. The university gives admissions to every deserving student irrespective of their background, identity, gender, or beliefs. Our holistic approach to being an inclusive campus lets out students be exposed to numerous backgrounds and cultures for their character building and nourishment.

Accommodation

AUS welcomes everyone to stay at their beautiful campus. Comfortable and modernly equipped hostel facilities can be availed by students on a first come first serve basis. The hostels are equipped with best in class facilities, security and offer some scrumptious food to savour.

Learning made Fun

AUS is the hub for multiple social and industrial outreach programmes. This lets students have great learning experiences in the most fun way possible. Here the students are offered every resource and assistance to engage in both academic or co-curricular activities that uplift their academic journey and experiences.

Support

AUS supports its students throughout its association and even after via Alumni networks. AUS has a dedicated committee to handle various student related issues to help them feel safe and welcomed. Be it accommodation, placements, extra-curriculum activities, health, and well being, lectures, and others the students' demands are addressed to as the highest priorities.

Arunachal Pradesh *The Land of the Rising Sun*

Nestled in the northeastern part of India, Arunachal Pradesh is a land of breathtaking landscapes, rich cultural heritage, and unspoiled natural beauty. Often referred to as the “Land of the Rising Sun”, this enchanting state is the first in India to witness the morning rays of the sun.

- ◆ “Where the sun kisses India first – Arunachal Pradesh.”
- ◆ “A land of dawn-lit mountains, where nature meets divinity.”
- ◆ “Unexplored, untouched, and unforgettable-that’s Arunachal Pradesh.”
- ◆ “A paradise for adventurers, a haven for peace seekers.”
- ◆ “Where every valley whispers a story, and every peak sings a song.”

A Land of Diversity and Beauty

Arunachal Pradesh is home to over 26 major tribes and more than 100 sub-tribes, each with its unique traditions, dialects, and festivals. The state is adorned with lush green forests, snow capped mountains, and pristine rivers.

Computer Labs

Arunachal University of Studies boasts a state-of-the-art computer laboratories designed to enhance students' academic experience. The spacious labs accommodate entire classes, ensuring every student has access to necessary equipment. Ergonomic chairs provide comfort and promote good posture during extended computer use. Each system is equipped with essential software tailored to various courses, enhancing productivity and research capabilities. Additionally, high speed internet connectivity allows seamless access to online educational resources at any time.

Library

Campus Life

Arunachal University of Studies (AUS) has one of the most inclusive and diverse campuses in Northeast India. Spanning across 85 acres, the university features state-of-the-art infrastructure with modern facilities that empower students to embark on their professional journeys from day one. Designed to support both academic and cultural growth, AUS provides an enriching environment where students can learn, socialize, and thrive.

To ensure a safe and seamless campus experience, our 24/7 on-site management team is always on duty, ensuring the well-being of students, staff, and visitors.

Hostel & Mess

Over the past decade, AUS has fostered an inclusive residential community for a diverse and dynamic experience. AUS has been promoting the holistic development of students, especially those wanting to reside within the campus walls. The hostels at AUS have all the modern features considering the comfort and privacy of the young students. The hostels are separate for both girls & boys and they can be availed on first cum first basis at the time of admissions.

The food served within the premises is mostly farm grown available on the campus and is curated keeping in mind the nutrition and taste of every resident. The hostel mess prepares both vegetarian and non-vegetarian cuisine for the residing students. AUS prioritises the safety of every student and has formulated comprehensive approaches to address the safety and security of the students. The premise is secured by high quality CCTV cameras at every entry and exit points. The hostels also have medical facilities for the emergency. The infrastructure also has fire safety equipment installed and has been subject to regular inspections. AUS implements these measures to create a secure and safe on-campus environment for students ensuring they focus on their studies and personal growth without having to worry about anything.

Sports Facilities

A student who is mentally and physically active has more success rates than those who aren't. AUS has been active throughout the years to facilitate an avenue where the student engages and get involved in campus life via sports. So far the campus has connected its students like a community promoting healthy competition that helps students develop their leadership skills, sense of judgement, and teamwork. Being physically active also attracts great concentration power and memory retention. Hence by various successful sports teams in football, volleyball, handball, basketball, tennis, badminton and others, the sports programme of AUS is here to enhance not just the university's reputation and visibility but also to increase the athletic programme of all its prospective students because maintaining good health is the only way to lead a life.

Centre for Skill Development & Vocational Studies

The Government of Arunachal Pradesh established Arunachal University of Studies as a state skill university for providing high quality education supplemented with industrial internship and professional training in various areas of studies. As per the reports of NSDC by 2031 around 6 Lakh people of the state will be unemployed. Complying with the legislative directives, the university established FSDVS in 2012. FSDVS is offering employment-centric, capacity building and training related Programme for skill & entrepreneurship development of the youth. FSDVS is also assisting the students of vocational education to transfer already earned formal/ in-formal/ vocational credits into the formal education system and vice-versa.

Centre for Skill Development & Vocational Studies

National Skill Qualification Framework (NSQF)

FSDVS has adopted all levels of NSQF which was notified by the Ministry of Finance in 2013 for providing common reference framework for linking various vocational qualifications, setting common principles and guidelines for a nationally recognized qualification system & standards and providing course curriculum under competency-based framework that organizes all qualifications according to a series of levels of knowledge, skills and aptitude. NSQF is a quality assurance framework to integrate regular education with competency-based skill education for multiple pathways, horizontal as well as vertical, both with in classroom sessions and practical training and among vocational education & training, general education and technical education.

Recognition of Prior Learning (RPL)

In a country like ours where a majority of the workforce has not received formal training, RPL is a very important associated function of the NSQF which helps individuals, who have gained learning informally, i.e. through life, work and voluntary activities to get this learning recognized. RPL assessment and certification is one such unique process that enables candidates to align their existing competencies with the NSQF and continue their formal education. RPL also helps them explore different options in skilling and upskilling to bridge the knowledge and skill gaps.

University Industry Inter Linkage Centre (UILC)

In compliance of UGC notifications, UILC was established by FSDVS in 2015. The significance of university-industry interactions has become an important agenda of higher education on policy-making front at both national and international levels. FSDVS aims to have such collaborations with the industries for ensuring better skill development of candidates during the period of studies. FSDVS is actively working on fulfilling this need by creating and operating suitable collaborative arrangements with other Institutions and industries for promoting the University-Industry interactions in higher education.

CSR Project of Employability Enhancement

World Education Mission, which is also the sponsoring body of the AUS has been assigned many CSR projects funded by reputed organizations to FSDVS for skill training in various sectors. The training will enhance the employability prospectus of the youth of Arunachal Pradesh.

Charter

Charter signifies for grant of privilege to formally recognize the grantee's existing competencies obtained formally or informally which includes academic or non-academic or work experience. The privileges of charter are assigned by the authority based on evaluation for conferring a certification equivalent to formal academic qualification to the grantee. The AUS is duly authorized to impart NSQF aligned Charter Certification for the purpose of enhancing employable skills amongst trainees. Charter can be earned at a pace, convenience and capability of the trainees. Being NSQF aligned certificate, charter can be equated with corresponding level of formal education and alternatively accepted as base qualification for enrolment in formal Programme offered by AUS.

Deen Dayal Upadhyaya Grameen Kaushal Yojana (DDUGKY)

DDUGKY is the Scheme of Ministry of Rural Development (MoRD) as a part of the National Rural Livelihood Mission (NRLM), tasked with the dual objectives of adding diversity to the incomes of rural poor families and cater to the career aspirations of rural youth. It is focused on rural youth from poor families between 15 to 35 years. As a part of the Skill India campaign, it plays an instrumental role in supporting the social and economic Govt. initiated schemes like Make in India, Digital India, Smart Cities and Start-Up India, Stand-Up India campaigns. World Education Mission is the registered Project Implementation Agency for implementing DDUGKY scheme.

Green Skill Development Programme (GSDP)

GSDP Training on 'Bamboo Crafts' is an initiative of Environmental Information System (ENVIS) under Ministry of Environment and Climate Change. The FSDVS is registered participant of ENVIS and conducted trainings related to Bamboo Craft for the unemployed youth between 18-25 years of age. The outcomes of training are very encouraging; many of the trainees are still working with FSDVS for the development of Bamboo Crafts Product. The ENVIS and FSDVS has resolved to conduct regular trainings in various sectors for the benefit of unemployed youth under "Nai Manzil Programme" at NSQF Level 2.

NAVSRIJAN (Pathway to Continuing Education)

“Navsrijan” is a Sanskrit word meaning novelty. Navsrijan – education above all initiative, is a social educational scheme of the Directorate of Continuing Education, Arunachal University of Studies. Navsrijan was devised by Late Prof. G.N. Pandey, the Founding Vice-Chancellor of the University. It is a unique initiative that generates an opportunity for school dropout students to re-enter mainstream education following the National Skill Qualification Framework of the Ministry of Human Resource Development, Govt. of India.

Objectives of the Navsrijan Scheme is as follows:

1. To facilitate dropout students to continue their education, by way of providing bridge courses, Pre-University Programme and Graduation etc.
2. To improve teaching facilities and increase the number of registration in all streams.
3. To improve the level of education and the passing percentage of students.
4. To conduct active students/teachers interaction on regular basis.
5. To ensure that the successful students continue their higher education into the university or other institution of higher learning.

The state of Arunachal Pradesh has been exponentially developing in the field of education with a vivid focus on expansion, equity, and excellence. Hence, Arunachal University of Studies has introduced the “Navsrijan Scheme” with an effort to reach unprivileged population living in remote areas of the State and to bring equity amongst the society.

The university is making determined efforts to ensure quality education across the state to provide education to

the regular and discontinued youth belonging to all sections with an emphasis on lower socio-economic sections of the society. Arunachal Pradesh being a land of positive diversities, equally faces severe challenges in terms of its topography, roads connectivity, electricity supply, internet connectivity, etc. As per the 2011 census, the overall literacy rate of the State is 65.38, were male: female literacy rate is 72.55%: 52:53%, which is far below the national average.

AUS believes that the bigger challenge that needs to be addressed is the students' dropout rates, which is up to 80% at secondary and senior secondary level. Hence, to reduce dropouts, the Ministry of Minority Affairs, Government of India, has confirmed the enrolment of Nai Manzil Scheme under the Navsrijan Scheme of Directorate of Continuing Education of Arunachal University of Studies.

The schemes ensure to get wider publicity and has been addressing challenges in terms of the failing academic standards of the state. AUS through the Navsrijan schemes advocates providing adequate learning resources through the delivery of highly qualified and competent faculty members, well-equipped classroom infrastructure and a holistic approach to the teaching pedagogy.

Discipline

Student Discipline

Every student should attempt to uphold the high ethics, the good name, and the prestige of the University. Therefore, students shall behave in a disciplined manner and follow all the instructions issued by the Arunachal University of Studies, from time to time. No student shall indulge in any kind of misconduct/antisocial activities/ act of indiscipline, within or outside the premises of the campus. Failing to do so might subject to strict disciplinary action or might as well face expulsion from the University. No student should take the law into his/her own hands, whatever the circumstances may be. The use of violence by a student on any other person shall be viewed seriously and dealt with penalty. Teasing, name-calling and foul languages are not tolerable within and outside of the campus. Students are encouraged to be well mannered and dutiful to all members of the AUS family. In case of violation of University Student Discipline Regulations made under the Arunachal University of Studies Act 2012, the university is empowered to take an appropriate action, which may include disciplinary actions, or legal criminal action against the violator. Following are more precise and detailed disciplines every student needs to study to avoid any severity.

Prohibition of Ragging

Ragging in any form is strictly prohibited. If any incident of ragging comes to the notice, the authority would expel the student from the University.

The University will not show any leniency to a misbehaving student and would initiate disciplinary action whenever occasion demands. At the time of admission, every student and his/her parent/guardian shall be required to sign a declaration to the effect that he/she submits himself/herself to the disciplinary jurisdiction of the Vice-Chancellor and the other authorities of the University.

All powers relating to discipline among the students are vested with the Vice-Chancellor. The Vice-Chancellor may delegate all or any of his/her powers as he/she deems proper to any of the Officers of the University specified by him/her. The Vice-Chancellor's decision shall be final in all matters of discipline of the students.

Specific Rules for Student Discipline

1. Students are expected to use only courteous and polite language and behave with decorum with others including the faculty members and the staff.
2. Students shall avoid using any insulting, inciting, threatening and explicit language when talking with fellow students and should abstain themselves from violence.

19. The students are expected to take up all assignments, tests, sessional exams and semester/yearly examinations of the University seriously and would try to perform the best in the tests & examinations.
20. Misconduct during examination, production of false information or documents for admission purpose and the failure to return loaned materials or fee arrear with the University would be dealt seriously.
21. Ragging and Eve Teasing are considered as crime and strictly prohibited by an act promulgated by the Government of Arunachal Pradesh with the penalty of Rs.10,000/- and two years' imprisonment. If any student indulges in any form of ragging or Eve-Teasing inside the University campus, hostels or outside, he/she will be summarily expelled from the University.
22. Each student of this University must possess Student Identity Card with his/her photograph affixed on it, duly attested by the competent authority. The students must compulsorily wear the Student Identity Card inside the University Campus.
23. Students shall come clean, tidy and modestly dressed in University uniform. Students not wearing uniform would be marked as absent for that particular day. If non-adherence to this rule is reported against a student often, disciplinary action may be initiated against him/her.
24. Use of mobile phones in the Lecture Halls, laboratories & offices of the University is strictly prohibited. Violation of this rule by any student would result in impounding of the mobile phone and strict disciplinary action will be taken against the student.
25. Students should not involve themselves either directly or indirectly in any form of politics either inside or outside the University during their period of study. If a student fails to comply with this regulation, strict disciplinary action will be initiated against the student which may even result in the rustication of the student from the University.

Discipline

Library Rules

1. The Library is open to all the Students, Faculty and Staff of the University.
2. Readers are not allowed to enter the library with their personal belongings.
3. Readers are prohibited from engaging in any activity which may disturb or distract the attention of other readers and will result in disciplinary action.
4. No reader shall write upon, damage or make marks on any library book. Each student of the University will be issued two tickets. A book will be lent to a reader only in exchange of one of his/her tickets which will be returned back to the reader when he/she returns the book.
5. Date label and book pockets shall not be tampered with. Serious notice will be taken on any violation of this rule.
6. Library tickets are not transferable. A reader who misses a ticket shall follow the stipulated process including remittance of Rs.200 as a fine to get another Ticket. In case he/she happens to get the ticket at a later date, the reader should return the same immediately.
7. A reader who fails to return a book on the due date will be charged a sum of Rs. 10 per day as fine till he/she returns the book. Such a reader will not be allowed to use the library till the book is returned and fine paid.
8. At the end of each semester before receiving the Admit card, the student should return all the books to the library. Without a clearance certificate (NO DUE) to this effect from the Librarian, the University will not permit a student to write the End Semester Examination.
9. The Provisional / Diploma and Certificate shall be issued to the students only after they return all the books and remit dues outstanding against them.
10. Dictionaries and books which might be difficult to replace and such other books declared as Reference Books shall not be issued.
11. A book may be renewed for a further period of a fortnight provided:
(a) No other reader has applied for the book in the meantime and
